Impact Analysis:

Students gained an understanding of the MCA curriculum, subject distribution, and academic expectations. Faculty introduced project-based learning, research opportunities, and industry-aligned courses, motivating students to focus beyond examinations. Sessions helped in bridging the gap between undergraduate knowledge and MCA requirements. The programme enhanced self-confidence among freshers through ice-breaking and interactive sessions. Students learned about professional ethics, teamwork, and communication, preparing them for both academic and workplace challenges. “શુભારંભ” created a sense of belonging and identity with the department and university. Students were introduced to the vision, mission, and core values of the institution, aligning them with academic culture. Cultural activities, motivational talks, and alumni interactions fostered a positive learning environment. “શુભારંભ” created a sense of belonging and identity with the department and university.
